BlackBerry 7130e for the Enterprise

*For cdmaOne™, CDMA2000® 1X
and Ev-DO Networks*

BlackBerry 7130e for the Enterprise

Phone, Email and Data – All-in-One

The BlackBerry® 7130e provides the best combined phone, email and application experience for enterprise users who want complete BlackBerry functionality in a small phone-style design:*

- Phone
- Email
- Enterprise data
- Internet and intranet access
- Instant messaging
- SMS
- Organizer

Enterprise Friendly

The BlackBerry 7130e™ works with BlackBerry Enterprise Server® to provide users and IT managers with advanced security features and enterprise-grade functionality such as single mailbox integration, remote address book look-up and more. Unlike traditional mobile phones, the BlackBerry 7130e can also be centrally managed and supported by IT departments.

Easy-to-Use

- Full-featured phone - Optimized for quick and easy operation.
- BlackBerry push delivery technology - Messages are automatically delivered with no effort required.
- Breakthrough SureType™ keyboard technology - Dial numbers and type messages quickly, accurately and comfortably.
- Large, bright, high resolution color LCD screen - Provides ample workspace and great visibility for both indoor and outdoor viewing.
- Navigation trackwheel and intuitive menu interface - For fast, one-handed navigation.

More Powerful Than Traditional Mobile Phones

The BlackBerry 7130e stands apart from traditional mobile phones with superior features:

- Enhanced messaging and application capabilities
- Bluetooth® technology
- Speakerphone
- Tethered modem capability
- Dual-band network support
- Ev-DO support

*Check with service provider for availability, roaming arrangements and service plans. Certain features outlined in this document require a minimum version of BlackBerry Enterprise Server software, BlackBerry Desktop Software, and/or BlackBerry device software and may require additional development for access to corporate applications. Prior to subscribing to or implementing any third party products or services, it is your responsibility to ensure that the service provider you are working with has agreed to support all of the features of the third party products and services. Installation and use of third party products and services with RIM's products and services may require one or more patent, trademark or copyright licenses in order to avoid infringement of the intellectual property rights of others. You are solely responsible for determining whether such third party licenses are required and are responsible for acquiring any such licenses. To the extent that such intellectual property licenses may be required, RIM expressly recommends that you do not install or use these products and services until all such applicable licenses have been acquired by you or on your behalf. Your use of third party software shall be governed by and subject to you agreeing to the terms of separate software licenses, if any, for those products or services. Any third party products or services that are provided with RIM's products and services are provided "as is". RIM makes no representation, warranty or guarantee whatsoever in relation to the third party products and services and RIM assumes no liability whatsoever in relation to the third party products and services even if RIM has been advised of the possibility of such damages or can anticipate such damages.
